

## **Biking for Buddies**

Wearing their "I may be little, but I have a big heart" t-shirts, 12 preschoolers set out to help kids with physical disabilities. First, they sold homemade lemonade and baked goods. Then they rode bikes around a park course to earn money from sponsors. In all, the preschoolers raised \$2,100. They donated part of that to Challenged Athlete Foundation to buy a special bike for a child, and they used the rest to sponsor an entire basketball tournament (registration, referees, trophies) for kids in wheelchairs.
